It starts with HELLO, ends with BELONGING.™

ABOUT US

Common Ground Society™ is a 501(c)(3) non-profit organization created with you in mind! Our mission is to share the stories of our lives to educate and empower our community to be more compassionate, accepting, and inclusive of people with disabilities. Common Ground Society™ ensures that all families feel a sense of belonging through meaningful connections and local support.

WHAT WE DO:

- **Presentations for all ages**

Do you want to get the conversation started about disabilities and inclusion, but aren't sure how? We use our expert knowledge and first hand experience to help educate on a level appropriate for all age groups. Our presentations are interactive and we offer a safe place for questions and learning.

- **Community Meet-ups & Support Groups**

We believe strongly in community. It is a life-line in parenting a child with any sort of disability, medical complexity or any other unique need. Let us help you connect with other families who understand the joys and struggles of this journey. We offer family groups, mom's groups, siblings dad's groups Spanish speaking support groups and a new Speaker Series for adults with disabilities. Join our local Sonoma County Facebook group with over 600 engaged parents and caregivers.
